

GANCA INTERNATIONAL SCHOOL,SAWDA

HOLIDAYS HOMEWORK (2024-25)

CLASS-3 'Exciting time is here! It's time for fun-filled activities.

Children are reservoirs of potential which needs to be tapped and channelized in diverse ways. We at GIS Sawda feel that it is very important to fire their imagination and foster an outlook that helps them explore, discover and rediscover. Children should be encouraged to develop intellectually and physically. Summer Vacation is the best and fruitful time for learning and for nurturing creativity. It is the time when we can connect with our child in many ways. The designed Holiday Homework would not only enhance achievements of our children but also help to enhance family relationships. It would teach them to work independently and would improve their basic academic skills, such as reading, writing and spellings, and would help them develop personal skills and time management.

English

1. Make a beautiful noun chart about noun and its types. Take the help from the video given below..
