SCHOOL, SAWDA NEW DELHI -81**

Happy Holidays

*I hope you get to spend quality time with
your family this summer. Happy summer
holidays!*

CLASS- 1

Dear
Parents,

Assignments
are not meant to
burden families –
they are designed to
inspire young minds.

HANDS-ON LEARNING

A poster, a model, or a hands-on activity may appear straightforward, yet for a child, it transforms into a **powerful** opportunity to **discover through experience.**

Concepts that seem abstract in textbooks come alive when students engage with them through creation and exploration.

LEARN TOGETHER

DISCOVER • CREATE • GROW

When children engage genuinely in these activities — guided lovingly by parents — learning transforms into something far more **meaningful, imaginative, and enduring.** ♥

Our aim is never to measure flawlessness — it is always to nurture **genuine effort** and **deeper comprehension.** ♥

A CHILD'S GROWTH PATH

Thanking You, ♥

General Instructions

Dear Parents,

This thoughtfully curated holiday homework has been designed to keep your child meaningfully engaged, intellectually stimulated, and closely connected with nature throughout the vacation. The activities provided are a balanced blend of academic enrichment, creative exploration, life skills, and character-building experiences aimed at fostering overall growth and development. We warmly encourage parents to actively support, guide, and participate in these learning experiences alongside their children. All completed tasks should be carefully documented through photographs, written observations, creative samples, or activity records and submitted upon reopening of the school. These enriching activities will play a significant role in nurturing the holistic development of your child while ensuring that learning remains joyful, purposeful, and memorable.
